

FOR IMMEDIATE RELEASE – STANWOOD, WA

The mystery is solved: Investigation reveals who killed the dinner guests.

The place – The Four Deuces. The year – 1920's. The guests – politicians, gamblers, gangsters, and singers.

As the grand event began to unfold, dinner guests began to disappear; only later to be found dead. Yet others would collapse at the dinner table after having been poisoned by some unknown substance. Guests were seen discussing matters that would lead one to believe there was a setting including undertones of bribery and conspiracy unfolding.

What had this night become? Was it safe to stay or safe to try to escape, for fear of being the next victim if one became weary of the scene?

Not knowing who was involved in what was happening, there was no one to befriend. All of the people present were mere casual acquaintances, with not even the host of the evening being someone to confide in. It was every man for himself, and every moment in time became a mystery unto itself. It was a setting that would shake the very foundation of ones world and leave one to reckon with life changing (or saving) decisions.

What had started out to be the grand event of the year, had turned into the inward horrifying reality that this may be the end for everyone present, if the person(s) responsible were not brought to light.

Dinner and a Murder Mystery Games brings another fun filled evening to the table, with The Four Deuces Murder Mystery Dinner Kit. Now anyone can successfully host a Murder Mystery Dinner with little effort beyond opening the box.

Sr. Editor Serena Phillips shared "The quality found in this kit was exceptional, with every facet and detail recognized and included. We had a lot of fun watching the mystery unfold and the evening taking on a life of its own. The guests were thrilled, and chilled, as the evening rolled into the night."
